Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (Ireland) (ISAs (Ireland)) and applicable law. We are independent of the company in accordance with ethical requirements that are relevant to our audit of financial statements in Ireland, including the Ethical Standard for Auditors (Ireland) issued by the Irish Auditing and Accounting Supervisory Authority (IAASA), and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

We have nothing to report in respect of the following matters in relation to which ISAs (Ireland) require us to report to you where:

- the trustees' use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the trustees have not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the company's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

Other Information

The trustees are responsible for the other information. The other information comprises the information included in the annual report other than the financial statements and our Auditor's Report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. INDEPENDENT AUDITOR'S REPORT

to the Members of The Mendicity Institution and The Mendicity Institution Trust

Respective responsibilities

Responsibilities of trustees for the financial statements

As explained more fully in the Trustees' Responsibilities Statement set out on page 7 the trustees are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the trustees are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to the going concern and using the going concern basis of accounting unless management either intends to liquidate the the company or to cease operations, or has no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an Auditor's Report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (Ireland) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Further information regarding the scope of our responsibilities as auditor

As part of an audit in accordance with ISAs (Ireland), we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by trustees.
- Conclude on the appropriateness of the trustees' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our Auditor's Report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our Auditor's Report. However, future events or conditions may cause the the company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

INDEPENDENT AUDITOR'S REPORT

to the Members of The Mendicity Institution and The Mendicity Institution Trust

The purpose of our audit work and to whom we owe our responsibilities

Our report is made solely to the company's members, as a body, in accordance with Section 391 of the Companies Act 2014. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an Auditor's Report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume any responsibility to anyone other than the company and the company's members, as a body, for our audit work, for this report, or for the opinions we have formed.

NOTES TO THE FINANCIAL STATEMENTS

continued

for the year ended 31 December 2018

Income

Voluntary income or capital is included in the Statement of Financial Activities when the company is legally entitled to it, its financial value can be quantified with reasonable certainty and there is reasonable certainty of its ultimate receipt. Entitlement to legacies is considered established when the company has been notified of a distribution to be made by the executors. Income received in advance of due performance under a contract is accounted for as deferred income until earned. Grants for activities are recognised as income when the related conditions for legal entitlement have been met. All other income is accounted for on an accruals basis.

Donations and legacies

Voluntary income is received by way of donations and gifts and is included in full in the Statement of Financial Activities when receivable.

Legacy income is recognised at the earlier of the date on which either the charity is aware that probate has been granted, the estate has been finalised and notification has been made by the executor to the charity that a distribution will be made, or when a distribution is received from the estate. Receipt of a legacy is only considered probable when the amount can be measured reliably and the charity has been notified of the executor's intention to make a distribution. Where legacies have been notified to the charity, or the charity is aware of the granting of probate, and the criteria for income recognition has been met the legacy is treated as a contingent asset and disclosed if material.

Grants

Income from government and other grants whether 'capital' or 'revenue grants', is recognised when the charity has entitlements to the funds, any performance conditions attached to the grants have been met, it is probable that the income will be received and the amount can be measured reliably. Grants, where entitlement is not conditional on the delivery of a specific performance by the charity is recognised within income from donations and legacies. Grants where related to performance and specific deliverables, are accounted for as the charity earns the right to consideration by its performance and included within the income from charitable activities.

Donated services or facilities

Donated services and facilities are included at the fair value to the charity where this can be quantified. Donations in kind are included at their estimated value to the foundation in both revenue and expenditure in the year of receipt. Donated facilities are included as both income and expenses at the value to the charity where this can be quantified and a third party is bearing the cost. Where it is not practicable to measure the value of the resource with sufficient reliability the income is included in the financial period when the resource is sold. An asset is recognised only when those services are used for the production of an asset and the services received will be capitalised as part of the cost of an asset. Where it cannot be quantified the value is recognised when sold. The value of services provided by volunteers has not been included in these accounts. Resources received from non-exchange transactions for which the entity has benefited include: Volunteer services

Income from trading activities

Income from trading activities

Incoming resources from charitable trading activities are accounted for when earned which is usually when the risk and rewards of ownership transfers; the sale can be reliably measured and it is probable there will be future inflows of economic activity.

Investments

Investment Income is included when receivable.
